Overview of Phoenix

Phoenix Manufacturing, Inc. is a family owned and operated railing, pergola, fencing, and outdoor product company established in 1991. Our love, dedication, and passion for our company, our customers, and our products can be seen in everything that we do. All of us within the Phoenix organization share a commitment to excellence offering products that will enhance your living area and encourage more time spent doing what you love.

Throughout the years, Phoenix still retains a personal touch while continuing to develop new and innovative product lines that are not only beautiful and functional, but are designed to last year after year. Our Phoenix family is grateful to have the opportunity to work with you and will always strive to achieve and exceed your expectations!

Mahogany Classical Ambience Rail® with Ambience Pergola® and Newport PVC Fence

Phoenix is known for it's innovation in the industry, outstanding quality products, and going *above and beyond* in customer service and satisfaction.

PVC Railings

Phoenix PVC Rails are *beautiful, bold, and elegant* as well as engineered for *superior strength and durability* to provide long lasting value, performance, and low *maintenance*.

“I would like to say how awesome my railings are. After finishing our deck we went back and forth between PVC rails and a wooden railing system. After much consideration we decided on the PVC rails mainly for the lack of maintenance involved in keeping them up. Your service was incredible. Highly recommended!”

”

Traditional PVC Rail with Square Balusters

“ *The three things that contractors have consistently said about the Phoenix Rail System are:*

1. *“It’s the nicest looking Rail System on the market today”*
2. *“It’s the strongest Rail System we’ve ever used”*
3. *“It’s the easiest Rail System to assemble”*

”

Traditional PVC Rail with Black Round Aluminum Balusters

There are many more benefits to using the PHOENIX RAIL SYSTEMS, such as:

- Low maintenance
- Lifetime, transferable warranty
- Code compliant
- Affordable
- Ability to accent your house with a Mahogany top rail
- Quick and easy installation
- Creative designs
- Since PVC is impervious to moisture, you never have to worry about warping, rotting, cracking splitting, or termites

Mahogany Classical Rail with Square Balusters

Mahogany Classical Rail with Square Balusters

For those who have not given up on the old world craftsmanship, we have a mahogany top rail integrated with our PVC baluster and bottom rail. This keeps the maintenance factor at a minimum to just the top mahogany rail. The mahogany can be stained to match your front door or deck which adds a distinct accent to your home. Our mahogany top rail is just as easy to install as our PVC top rail.

A white pergola structure covers the entrance area. The ground is covered in snow, and a small, bare tree stands in the foreground. The text "...To Completion" is overlaid on the top right of the image.

“I just had to tell you how happy we are with your products. I used your PVC boards, posts, end caps, hanger and stringer brackets to create the pergola my wife has wanted for years. The materials were so easy to work with and everything came together in just one day working alone. The quality of the products really made the results outstanding. I can recommend Phoenix without any reservation.”
